

Genetic Improvement 2020

8th International Workshop on Improvement of Software using Computational Search

May 2020

geneticimprovementofsoftware.com/gi2020icse.html

GI 2020

Co-located with the 42nd International
Conference on Software Engineering,
Seoul, South Korea,
23-29 May 2020

Paper submission deadline: 22 January 2020

Call for Submissions

We invite submissions that discuss recent developments in all areas of research on, and applications of, Genetic Improvement.

GI is the premier workshop in the field and provides an opportunity for researchers interested in automated program repair and software optimisation to disseminate their work, exchange ideas and discover new research directions.

Topics of interest include both the theory and practice of Genetic Improvement. Applications include, but are not limited to, using GI to:

- improve efficiency
- decrease memory consumption
- decrease energy consumption
- transplant new functionality
- specialise software
- translate between programming languages
- generate multiple versions of software
- repair bugs

Workshop Chairs

Shin Yoo	shin.yoo@kaist.ac.kr
Justyna Petke	j.petke@ucl.ac.uk
Bobby R. Bruce	bbruce@ucdavis.edu
Westley Weimer	weimerw@umich.edu

Research & Position Papers

We invite submissions of two paper types:

- Research papers (limit 8 pages)
- Position papers (limit 2 pages)

We encourage authors to submit early and in-progress work. The workshop emphasises interaction and discussion.

All papers should be submitted via

EasyChair :

<https://easychair.org/conferences/?conf=giicse2020>

double-blind as pdfs (in the ACM conference format as per the ICSE 2020 information).

All accepted papers must be presented at GI 2020 and will appear in the ICSE workshops volume. The official publication date of the workshop proceedings is the date the proceedings are made available online.
